

Weld-Mask™

Auto-Darkening Welding Goggles

Quick Specs

Applications

Light-duty welding and cutting

Shades #5, #7, #9, #11 and #13

Battery Life 1,000 hours

Sensors 2

TIG Rating 20 amps

Switching Speed 1/15,000 sec.

Weight 11.8 oz. (345.4 g)

Extreme low-profile design allows users to weld in spaces where access with traditional welding helmets is limited.

Exclusive design provides alternative protection for specialized welding applications.

Compact configuration is ideal for maintenance, repair and installation.

Lightweight design significantly reduces neck strain.

Tight-fitting eye covering fits the face snugly to block out light in bright surroundings.

Slim face-shield design fits well under hard hats and does not require adapter.

Auto-darkening shades #5 and #7 provide protection during plasma cutting.

Light state #3 provides clear vision between welds.

Flame-retardant head cover provides protection against arc rays and light spatter.

Meets ANSI, CSA, CE, and AS NZ standards.

Warranted for 2 years, parts.
